

- PRESS RELEASE -

March 2021

PARTY & PUSH IT – DaCrazyFish

The idea for this project originated from a deep desire of just wanting to Party again and Push the world of dance music to be hopeful, peacefull and respectfull in the simple joy of dancing together to great music.

Music Producer Frank Geleijns (DaCrazyFish) from the Netherlands, came up with the original idea for

PARTY & PUSH IT. Dropped that idea to Italian producer, and label owner of Kattivo Records, **Mauro Novani** which resulted in a balanced release that contains, besides the main mix, three super remixes by **Mauro Novani, DJR3ZZ and Tony Deledda**.

4 tracks in the same type of energy, but with totally different flows.

Party & Push it – DaCrazyFish (main mix):

Just how DaCrazyFish likes to produce his music. With a fresh, new and happy approach. With a rolling and pushing bass. Completed with catchy drums and unexpected breaks

Party & Push it – DaCrazyFish (Mauro Novani Latin Dream mix):

This track has an afro house feel to it with tropical drums and a warm bass. Very suitable for an Ibiza summer party. Feels even like Brasil at the copacobana. Fresh and funky. A very balanced remix track.

Party & Push it – DaCrazyFish (DJR3ZZ remix):

This remix has a TECHNO feel with a tropical breeze. Very cool. You can hear and feel the sea. Rolling drums to top it off. Makes you forget time

Party & Push it – DaCrazyFish (Tony Deledda remix):

A fresh, sharp and funky remix, 80's disco influenced. Let's go back to funky times. The bassline is killing it. Feels like you're at an outdoor DISCO Party. The clean drumbreak in the middle of the track is a great peak in this track.

Kattivo Records is proudly releasing this release worldwide exclusively for two weeks on Traxsource on march 25th, 2021 and on all other major music platforms from April 8th, 2021. All just in time to peak during the summer of 2021.
